

# I feel my spiritual needs are not being met...

## Getting ready...

I have thought about what I think I'm not getting in my spiritual life.

Is the person I'm speaking to open to the idea of really listening to me?

How is this issue affecting me?

Do I have what I need to hear and see properly?

## During the conversation I will remember...

This is all about me.

I can stop this conversation at any time.

I can take as much time as I need to think about any ideas.

## Before I leave I will make sure...

I have said everything I wanted to say.

I know what, when, where and I how I will have spirituality in my life.

I know who could help me lead a more spiritually fulfilling life.

Do I feel better after the conversation?
